

Sugarcane Leaf Scraper 6BZ-5 new type

6BZ-5 new type, is a new generation sugarcane leaf Scraper, which can replace manual labor, more efficient, lower the labor cost and pressure. It can accept 4~5 pcs sugarcane at the same time. It is reliable, and with high efficiency, lower fuel consumption, and convenient transportation

Model	6BZ-5
Matched Power	1100 diesel engine 14.7kw
Machine Weight	560KGS
Dimension	3500*1400*1300mm
Productivity	≥5 ton/hour
Fuel Consumption	≤0.7 L/ton
Traction chassis	GN91 tractor
