

# 明星产品 换电PX105

## STAR PRODUCT PX105

### > 优势亮点:

- ◎ 双电机 AMT 动力系统  
Dual motor AMT powertrain
- ◎ 高容量动力电池 ≥509kWh  
High capacity power battery≥509kWh
- ◎ 5 分钟快换关键系统  
5-minute quick change of critical systems
- ◎ 国网认证云平台 T-box  
State Grid certified cloud platform T-Box

| 车型 Model       |                                      | 换电 PX105                                                                     |
|----------------|--------------------------------------|------------------------------------------------------------------------------|
| 尺寸 Size        | 外形尺寸 (mm)<br>Overall dimension       | 9500×3790×4210                                                               |
|                | 轴距 (mm)<br>Wheel base                | 4000+1690                                                                    |
|                | 货箱内尺寸 (mm)<br>Inner dimension of box | 6400×3400×1800                                                               |
| 重量 Weight      | 车辆自重 (kg)<br>Curb Weight             | 36000                                                                        |
|                | 额定载重量 (kg)<br>Rated load             | 70000                                                                        |
