SITON

DD4-2b

Face Drilling Rig

DD4-2b Face Drilling Rig

DD4-2b face drilling rig is a heavy-duty double-boom face drilling rig. It can be used from medium to large size underground mining drifts and tunnels. This rig is equipped with 2 sets of independent drilling systems. The suitable cross-sections (width x height) is from minimum 3.2m x 3.2m to maximum 8.5m x 6.8m.

Woserld Rock Drill

With high pressure and low flow hydraulic system. The Woserld rock drill delivers high penetration rates in hard rock (< F17) and low drilling steel consumption. With the classic double damping design the service life is long and the cost is low. 18/20kw rock drill is standard, and higher power 22/25kw rock drill is optional.

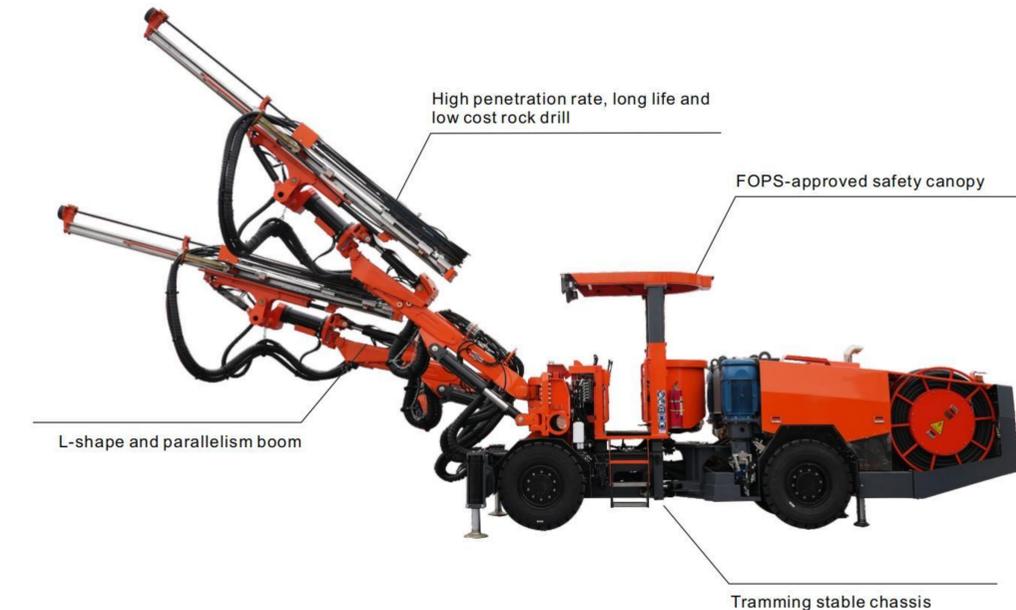

L-shape Boom

The L-shape boom design gives the operator more visual space. Also the parallelism drill boom delivers fast and accurate face drilling.

Digital Monitor

Operating status, time, alarm information, working hours and fault points are displayed. Hydraulic oil level and temperature, lubrication system failure, water pump pressure and electrical system failure have alarm displays to help operators and after-sales engineer to understand the equipment operation status and fault location at any time.

Note: This picture is for reference only. Different or optional configuration will make it looks different.

| Rock drill | | |
|------------------------------|----------------------|--------|
| Model | A18D/L | S20D/L |
| Shank | T38 | T38 |
| Hole diameter(mm) | 33-76 | 43-64 |
| Max impact power(Kw) | 18 | 20 |
| Impact frequency(Hz) | 60 | 67 |
| System pressure(Bar) | 230 | 220 |
| Rotary system | Independent rotation | |
| Rotary speed(rpm) | 0-215 | 0-250 |
| Max rotary torque(N·m) | 1000 | 400 |
| Lubrication consumption(L/S) | 5 | 5 |

| Feed | | | |

| Model | TF1838-12 | TF1838-14 | TF1838-16 |
| Total length(mm) | 5315 | 5915 | 6525 |
| Drill rod length(mm) | 3700 | 4300 | 4915 |
| Drill depth(mm) | 3400 | 4000 | 4600 |
| Total weight(Kg) | 560 | 593 | 633 |
| Propulsion(KN) | 15 | 15 | 15 |

Boom

Advancing compensation.....1250mm
 Drill boom telescopic.....1500mm
 Parallel hold.....All-round
 Push beam flip.....±180°
 Working area (width x height).....8530×6860mm

Air compressor system

Model.....screw/Kompressoren
 Motor power.....7.5Kw
 Max displacement.....900L/min
 Working pressure.....0.9Mpa

Water system

Motor power.....4.5Kw
 Max displacement.....160L/min
 Max working pressure.....8-12bar

Control system

Direct hydraulic control system
 Function: Anti-jam drill

Hydraulic system

Hydraulic pumps for impact,positioning and propulsion
 Hydraulic pump for rotation
 Oil pump unloading start
 Max system pressure.....230bar
 Hydraulic oil tank capacity.....300L
 Low oil level indicator with shutdown function
 With oil temperature gauge and switch
 Filtration accuracy.....10µm
 Oil filter indicator
 Stainless steel water cooler for hydraulic oil
 Manual oil injection pump
 Mineral-based hydraulic oil

Chassis

Engine.....Weichai
 Rated power.....89KW
 Torque.....500N·m
 Fixed seat with safety belt
 Articulated steering angle.....±42°
 Four wheel drive
 FOPS certified ceiling
 Hydrostatic power steering system
 Hydraulic transmission
 Front axle.....Fenyi
 Rear axle.....Fenyi
 Departure angle.....15°
 Approach angle.....19°
 Front hydraulic outrigger.....2,extensive
 Rear hydraulic outrigger.....2
 Service brake:
 Hydraulic brake,spring release,wet type
 Emergency and brake:
 spring brake,hydraulic release
 Fuel capacity.....95L
 Electrical system voltage.....24V
 Battery.....2x12V,80Ah
 Tramming lights.....8x55W
 brake light
 position light
 Exhaust catalytic converter/muffler
 Fire extinguisher
 Angle ruler
 Max gradeability.....14°
 Travelling speed.....16Km/h
 Horn, warning lights and reversing alarm

Electrical system

Total installed power.....122Kw(2x55+7.5+4.5)
 Main motor power.....2x55Kw
 Voltage.....380V
 Frequency.....50Hz
 Start mode.....star/triangle
 Motor overheating and overload protection
 Impact timing
 Digital voltage/ammeter
 Phase sequence indication
 Battery charger.....600W 24V
 Voltmeter.....1500VA 380V/220V
 Cable drum capacity.....90m

Optional part

Rock drill A22L/D A25L
 Centralized lubrication system
 Butter machine, butter reel
 Car wash water reel
 Closed cab
 DANA front and rear axles
 Plateau type
