

JS600S

Specifications			
Engine	Yuchai 162KW	Max depth 219	219 drill bit can hit 600m
Oil pump model	140/112 plunger pump	Length of drill pipe	3m, 6m
walk	TM18 walking motor with steel track	Recommended drill pipe diameter	76/89/102/114/127/140
Power head motor	HMV0K000*1/107 Oblique axis	Leg cylinder stroke	1.75 m
Lifting force	1.5T, 3T	Travel speed	2.5 / h
Lifting power	32T	Overall dimension	5900-4500*2000*2700
Power head stroke	6.6m	Machine weight	12T
Max turning torque	20,000 torque meters	Effective loading size	Front 2.9M rear 2.9M
Max opening diameter	105-400mm	Adaptive condition	Loose layer and bedrock
Max turning speed	50-500 RPM	Drilling methods and optional accessories	Mud pump, centrifugal pump, generator, foam pump, dustproof pump
